

## CLASH

### Between Strikers And Officers Today.

MANY ARRESTS AT FREELAND THIS MORNING.

MR. MITCHELL IS AT SAGINAW

In Conference With Miners and Operators Says the Struggle's End Isn't In Sight.

Scranton, Pa., July 2—A big riot occurred today at Durea. Five hundred foreigners attacked the coal and iron police at William A. colliery. All opened fire on the mob and many were seriously wounded, but none fatally, so far as known. At 2 o'clock this afternoon the rioting was over and the policeman who precipitated the riot is now in jail surrounded by a mob of strikers who threaten an attack. The sheriff and reinforcements hold the jail.

Scranton, Pa., July 2.—Officials of William A. mine must divulge the name of the coal and iron policemen who killed Luigi, the striker, yesterday morning or every man in the employ of the company will be arrested today. This is the decision of district Attorney Lewis.

Hazleton, Pa., July 2—There were many encounters in this district this morning between special deputies, coal and iron police and strikers. Last night Cox Brothers notified Sheriff Jacobs that they expected trouble at Drifton this morning and the sheriff reached Drifton at 3 o'clock with a posse. All was quiet there.

At 6 o'clock the guards left the mine to cover the mountain road and protect the workmen who might be on the way to work.

At Freeland they met a number of strikers and the coal and iron police drew revolvers and fired. One of the strikers also drew a revolver and a demonstration took place, though no one was seriously injured. Many arrests were made later.

Wilkesbarre, Pa., July 2.—The four men arrested for rioting at Drifton this morning were arraigned before Justice of the Peace Pollock this forenoon. The testimony indicated that had it not been for the presence of Sheriff Jacobs and a posse at the scene a desperate encounter between coal and iron police and a mob of over 100 strikers would have occurred.

Saginaw, Mich., July 2—President John Mitchell who is in conference with miners and operators here today says the anthracite struggle is no nearer settlement than it has been.

Pittsburg, July 2.—The Pittsburg district executive board of the United Mine Workers adjourned after providing for delegates to the Indianapolis convention. There is a report current which lacks official verification that the meeting heard reports to the effect that most of the miners of this district object to the threatened abrogation of the existing wage contract to go on a sympathetic strike which might aid the anthracite miners. It is proposed, it is said, that the 450,000 organized bituminous miners of the country, instead of striking, should adhere to their contracts and contribute a day's wages each week for a defense fund for the anthracite strike. This would provide a fund of over \$1,000,000 every week. Members of the Pittsburg board would not discuss this report.

## TUNNELL

Caved in Burying Six Men All of Whom Were Rescued—Railway Traffic Stopped.

Minerva, O., July 2—A tunnel near here on the Lake Erie, Alliance and Wheeling railway caved in this morning, blocking all traffic and burying a half dozen laborers all of whom were dug out without serious injury.

It has been decided that no Hebbrows be further admitted in the Railway school in Odessa.

## COURT CIRCLES

### Embarrassed by Continued Presence of Ambassador Reid After His Official Leave Taking.

London, July 2.—Court circles are somewhat embarrassed by the continued presence of Whitelaw Reid, special American ambassador, after he has taken his official leave. All the other special envoys have left the country and it is considered a grave breach of courtesy that he has not followed the example. The fact that there are now two American ambassadors in London is complicating the diplomatic relations and puts Ambassador Choate in a peculiar position.

PRESIDENT AT OYSTER BAY.

Oyster Bay July 2.—By Sunday President Roosevelt will be installed here in his home, but his office will be in this village, three and a half miles from his home. He will discourage all political and business callers from visiting him outside of office hours.

## LAKE FEEDER

BREAKS OVER ITS BANKS AND FLOODS COUNTRY

About Kirkersville, Known as 'Pigeon Swamp.'—Great Damage to Truck Farming.

Pataskala, O., July 1.—Owing to excessive rains Buckeye Lake "feeder" has broken its banks southeast of Kirkersville and inundated what is known as "Pigeon Root swamp," a low tract of land given over to truck farming. Inestimable damage has been done. This tract embraces between 5000 and 6000 acres of very fertile land.

## LAUGHED

AT DEMAND OF FATHER FOR HIS YOUNG SON

Whom She Loved—Mrs. Randall Under Arrest in Boston on Charge of Kidnaping.

Boston, July 2.—Mrs. Ezra L. Randall, of 37 Bodder street, East Boston was arrested Tuesday on a warrant charging her with kidnaping a boy named William Petro, 13 years of age and living at 13 Cottage street, Beaumont, with his father, Charles Petro. Mrs. Randall will not discuss even in a general way the charge against her. She evades questions and neither affirms nor denies anything.

Young Petro is remarkably bright, and large for his age. According to the police, the woman became madly infatuated with the lad. She expressed a desire to adopt the boy on several occasions.

William was in the habit of calling at the Randall house frequently all winter, and during April and May, the police say, he was almost a daily visitor. Mr. Petro was aware of the woman's fondness for his son, but was not aware, so he says, of the frequency of the lad's visits.

About May 1 Mrs. Randall went to Beaumont and made an open proposition to the father to adopt William which was refused. The boy showed that he was as fond of the woman as she was of him, and when Mrs. Randall asked his father's consent for William to make her a week's visit, he reluctantly consented.

When the father thought the boy had paid a long enough visit he told Mrs. Randall that he might return home, but the latter said she would like to have him remain longer. Mr. Petro then demanded his boy, and his demand, he says, was politely laughed down by Mrs. Randall, who said the boy was not at her house. The father then became angered and when Mrs. Randall refused to tell where the boy was he sought the police.

Mrs. Randall has admitted to the police that the boy was at Bucksport, Me. and that she had been visiting there. Mrs. Randall is a widow and has a son 25 years old.

## FRIARS' LAND

### It is Proposed to Pay for in Three Installments—Governor Taft's Note Ready.

Rome, July 2—Governor Taft's note to the vatican regarding the Philippines is now ready, but has not yet been delivered. Your correspondent learns that the note proposes payment for the friars' lands in three installments, one-third to be paid immediately, one-third after three months and the last third three months later.

## ILL HEALTH

Caused Chicago Millionaire Sigmund Guthmann to Commit Suicide by Shooting Today.

Chicago, July 2—Sigmund Guthmann, vice president of the wholesale shoe firm of Guthmann, Carpenter & Telling, committed suicide this morning at his residence by shooting himself through the head. Mr. Guthmann was 50 years old and a millionaire. Ill health is assigned as the cause for the act.

HIGHWAYMAN DIDN'T WAIT.

About 12 o'clock Monday night, as Mrs. C. F. Bigman of Newark, was passing along High street near Neghten, on her way to the depot, a burly footpad stepped from a doorway and tried to seize her, at the same time demanding her money. The lady employed her lungs, screaming so lustily that the highwayman became frightened and ran away before she had time to give him her money.—Columbus Press.

## VERDICT

"NOT GUILTY BUT DON'T DO IT AGAIN."

General Smith Not Unqualifiedly Acquitted as Was Generally Supposed—Unique Verdict.

Washington, July 2.—The verdict of the court martial that recently tried General Jacob H. Smith in the Philippines is unique in the history of the American army. The general was not unqualifiedly acquitted as has been supposed, nor was he sentenced to be reprimanded. From a source of unquestioned authority it was learned today that the court holds that General Smith to a certain extent exceeded the authority conferred upon him by his superiors and by general order 199 in issuing his famous "kill and burn" and "howling wilderness" order to Major Waller. The verdict in effect is: "Not guilty but don't do it again."

The papers will be taken by the President to Oyster Bay, along with the records of the Waller case, and war department officials expect to learn of the President's conclusions within a week or ten days. The President may carry out the sentence of the court, or he may rebuke the court for the mildness of the finding which in effect would be a positive reprimand for the General.

## Dollar Corn

Chicago, July 2.—If John W. Gates wants dollar corn, that price soon will prevail, according to board of trade gossip this morning. Gates' control of the market was clearly demonstrated at the opening when the July option mounted from 74 1/2 to 76 1/2. The bullish tendency remains unchecked and is given material assistance by the continued wet weather.

## Daykin Is Held

Cleveland, July 2.—Dr. F. W. Daykin, accused of attempting to bribe a member of the city council with \$2,000, was bound over to the grand jury today and held on \$5,000 bond.

## CLOSING

Scenes Of The First Session Of Congress.

SENATE QUIET BUT HOUSE QUIET IN MIRTH.

CUBA AND THE PHILIPPINES.

Danish Scandal Had an Airing—Capt. Christmas Roasted—Adjournment at 5:30 O'Clock.

Washington, July 2.—The first session of the fifty-seventh Congress came to an end at 5:30 o'clock Tuesday afternoon, as predicted in these dispatches. The president pro tempore of the Senate, Mr. Frye, had a hard time convincing the members that an adjournment had been had sine die. It will be the first session of Congress that has passed into history after expending a billion dollars of the people's money at one session.

The Senators remained in their seats for some minutes, then they one by one filed sedately from the chamber.

Immediately upon the speaker declaring the House adjourned sine die Representative Tawney struck up "My Country 'Tis of Thee," being aided by Representative Landis. These two principals soon had as their accessories the entire membership of the House and the crowded galleries, every one rising.

To the tune of "He's a jolly good fellow," the representatives, both Republicans and Democrats, filed in front of the speaker's desk and shook the hand of Mr. Henderson, who has a pleasant word for each.

Ranged around the speaker the men from the Northwestern States made the rafters resound with "There's a hole in the bottom of the sea," "Star Spangled Banner," "Good Night Ladies" and "Auld Lang Syne." This done, Speaker Henderson himself started off with "Away down South in Dixie," but his voice broke at the end of the first line.

President Roosevelt went to the Capitol in order to facilitate the work of Congress. In the Capitol the President signed the Philippine civil government bill, the naval appropriation bill, and other measures that went through in the closing hours.

Mr. Lodge, chairman of the committee on Philippines, called up the conference report on the bill to provide a temporary civil government for the Philippine islands. The agreement of the conferees was read in full.

Mr. Culberson (Tex.), one of the Senate conferees, said he had declined to sign the conference report because he could not conscientiously vote for the measure agreed upon, or recommend its passage to the Senate. He thought it would serve no good purpose to make an extended statement of his position.

Mr. Culberson said the report of the secretary of war indicated that from May 1, 1898, to April 30, 1902, the expenditures for the army were \$667,000,000 in round numbers, while out of this sum only \$170,000,000 were expended in the Philippines. This statement Mr. Culberson questioned, and figured up an expenditure by the United States of \$222,194,106 on account of the Philippines, and even these figures he said did not include some of the expenditures made for the Philippines.

Mr. Patterson (Col.) declared a closing that it is the purpose of the majority to turn the Philippines over to the control of people with money. The conference report was then agreed to.

Mr. Carmack (Tenn.) called up his resolution on behalf of the minority of the committee on Philippines, authorizing that committee to sit during the recess to prosecute its inquiry into the Philippine question and to visit the Philippine islands in prosecution of that inquiry. No action was taken.

The adjournment of the House came at the end of a seven and a half hour session, during which minor business was transacted. In all, 79 bills and resolutions were passed. The general good feeling in the House has been heightened by the victory won

## HAS BIG JOB

In Trying to Suit Party Leaders and Reformers—Governor Confers With Dr. Gladden.

Columbus, O., July 2.—Preparatory to the special session of the Legislature to be called to enact new laws for the government of the cities of the State, Governor Nash is endeavoring to perfect a measure which will meet with the general approval and necessitate the General Assembly being in session but a few days.

The Municipal Code Commission completed a scheme last year which was urged on the Legislature by those favoring non-partisanship in city affairs, but the Legislature was not built that way and refused to pass the bill. Now that the Supreme court has found the present system in contravention of the constitution the Governor is trying to get the code reported by the commission fixed up in form to suit the Republican party leaders.

At the same time Nash wants the reform element satisfied and he called into consultation on the subject Rev. Dr. Gladden, pastor of the First Congregational church and an eminent writer and political economist. Rev. Dr. Gladden has had personal experience in city government. Two years ago he was elected to the City Council from the Seventh ward and entertained fond hopes of revolutionizing and reforming the administration of this city. But two years of labor in that direction convinced him that the task was too much on the herculean order to accomplish by one man and he retired from Council in disgust last April, refusing to be a candidate for re-election.

But the Governor is being roundly criticised in more quarters than he anticipated in connection with this matter, for it turns out the scheme he has on hand means a State machine to control the police of every Ohio city. He proposes to have the legislature incorporate in the contemplated new municipal code a plan giving the Governor complete authority to appoint a police commission in every city, so as to actually place the Governor at the head of the police force of the State, and make it practically under his direction. The scheme is criticised by fair minded people as being in contradiction to even partial home rule for our cities. The Columbus Dispatch, a Republican paper, but having ideas of fairness, came out in a strong editorial last evening condemning the Governor's stand on this matter.

The Governor certainly has a big job on his hands.

NEW CODE BILL.

Columbus, O., July 2.—The new municipal code bill will be drawn in the rough at Put-in-Bay next week by Governor Nash, John W. Warrington of Cincinnati, and Judge Sanders of Cleveland. The views of other lawyers will be consulted, but the Governor has settled upon Sanders and Warrington as the chief legal staff upon which he will lean in his undertaking to frame a system of government that will apply to all cities of the state; uniformly in the main and yet flexible enough to admit of special municipal characteristics being provided for.

## STATISTICS

FOR OHIO AS SHOWN IN A NEW CENSUS REPORT.

Ninety-Three Percent of Area in Farms—Value of Stocks and Other Property.

Washington, July 2.—A census report for 1900 shows that five to have had 94.56 percent of entire area in farms or a total of 24,561,392 acres in 9,719 farms. The total value of this property was \$1,158,823,946 and the total products \$257,695,826. The live stock was valued at \$125,934,616. An increase in the value of farm property in the state is reported for last decade to be 3 percent. This low rate is due to a decrease of \$12,416,418 in the value of farms while an increase in the value of live stock is reported at 8.4 per cent and of 23.3 per cent for machinery and implements.

## ARRESTED

As They Were About to Elope—Young Woman is Suspected of Trying to Kill Husband.

Philadelphia, Pa., July 2.—Mrs. Aileen O'Malley aged 24, wife of Dr. Austin O'Malley, late of South Bend, Ind., and Wm. Herring, aged 20, of New York, were arrested here as they were leaving for Chicago, charged with larceny. The police say the couple was about to elope and also say she is suspected of trying to poison her husband, now in St. Agnes hospital suffering with arsenical poisoning. The woman is the daughter of a New York broker named Ellis.

WOULDN'T LEAVE MOTHER.

Norfolk, Va., July 2.—Because she refused to live separate from her mother, Clara Tredwell, aged 30, of Gilmerton was last night fatally shot by her husband, William, aged 35, who then shot and killed himself.

## THE CLAM BAKE

OF THE OHIO DEMOCRATS AT COLUMBUS.

Fifteen Hundred Guests Present, Including Many Party Leaders—An Occasion for Oratory.

Columbus, O., July 2.—The great Democratic Clambake held at Beulah Park, a suburb of this city, came off yesterday according to program. The attendance was not as large as expected, when the plans were first made, owing to the season of wet weather we have had for the past week. But 1,500 Democrats were present, including a number of the leading members of the party throughout the State, and the festivities and public speaking made the occasion highly successful.

Letters of regret were sent by a number of Democratic leaders, who were unable to be present, among them being ex-Governor James B. Campbell, Judge Patrick, and John G. McLean. Mr. McLean's letter follows: "With the excellent management it has, with the well-founded hope of victory that now inspires the Democracy and with the spirit of unification now pervading, the celebration cannot be a failure. I trust the proceedings will be of a character to stimulate the party to unite on sound doctrines, to employ all legitimate forces and to work earnestly and intelligently for a triumph which may glorify every true Democrat in the land. The enduring principles of Democracy are those upon which we must rely. No expedient or irregular inventions are required. If there ever is a time for apologies for Democratic existence, or for its being with the cardinal truth, or for doubtful alliances, the present is certainly not that time."

Speeches were made throughout the day. Shortly after the noon hour the oratorical exercises were interrupted long enough to give the attendants opportunity to partake of the baked clams and their refreshments.

Chairman Ward of the executive committee opened the oratorical exercises. Among those who spoke were Mayor Hinkle of Columbus, General Finley, of Columbus, John R. Zimmerman, of Springfield, Charles W. Baker, of Cincinnati, Wm. J. Fox, chairman Democratic State Committee, Col. James Kilbourne, of Columbus, Mayor Tom L. Johnson, of Cleveland, W. S. Thomas, of Springfield, James A. Rice, of Canton, C. L. Drumbaugh of Greenville, D. B. Sharp and General Powell, of Columbus.

The word Harmony, with a big H, largely predominated in many of the speeches. One of the principal speakers of the whole affair was that delivered by that able and eloquent champion of Democracy, the Hon. Charles W. Baker, of Cincinnati. Mr. Baker's subject was: "What Does it Mean to be a Democrat?" It was so timely that every Democrat in Ohio will read it with great interest. Mr. Baker's speech was as follows:

When I am asked the question, "What does it mean to be a Democrat?" there comes involuntarily to my lips the answer, that it means to be a patriot; a lover of liberty; a

## LOVE

Of Slayer Cunningham For His Wife.

CAUSED HIS CAPTURE TODAY IN INDIANA.

IF "BILL" EDSON IS CAUGHT

There May be a Lynching Bee in Hoosierdom—Officers Hunting Escaped Prisoners.

Washington, Ind., July 2.—Joseph Herbert, slayer of Louis Cunningham who escaped from jail yesterday with "Bill" Edson and two others, was captured this morning at his home. Herbert possessed great love for his wife. The officers knew this and deputy sheriffs were concealed about his house. When Herbert entered, the house was surrounded. In a few minutes Herbert kissed his wife goodbye, and started away. He surrendered and is locked in a cell.

Vincennes, Ind., July 2.—A close is being kept here for "Bill" Edson, charged with criminal assault on Irma Pfohl, aged four, who escaped from jail at Washington, Ind. If he is captured in this vicinity, it is more than probable that he will not be placed behind the bars. Fyfield, a watchman, claims that he saw Edson this morning near the distillery, which is on the outskirts of the city.

Fatally Shot.

Kokomo, Ind., July 2.—Al. Helton, champion colored prize fighter of Indiana, was fatally shot this morning. He went to the home of his divorced wife and demanded admittance. A pistol shot was the response. Helton can live but a few hours. His divorced wife, Hattie Wirburn, and her mother are in jail charged with the shooting.

## Killed By Bees.

Madison, Ind., July 2.—Mrs. John Moore, aged 85, was set upon by the bees from seven or eight hives at her home near here yesterday afternoon and was stung to death. A daughter who went to her rescue is in a critical condition from the stings of the bees.

Should know of a little article called "Parker's Emollient" because it will save them several dollars during the year and will keep their gloves clean and bright as new. It cleans white gloves as well as any color perfectly and leaves them in perfect condition. We have furnished it for several years to some of our best trade and it pleases them. A box will last a year and if you are not more than pleased with it we will gladly return your quarter.

## DIVORCE TRIAL

With Extraordinary Features is on at Coshocton--Mrs. Davis Sues Her Preacher Husband.

Coshocton, O., July 2--Mrs. Blanche Davis completed her testimony in the divorce action against Rev. John Proctor Davis by making charges regarding his treatment. She said he had struck her and injured her hand severely, locked her out of the dining room and that this usage had made her a nervous wreck. She named Miss Scott an evangelist, who converted Davis to the doctrine of sanctification, as having received ardent attentions from him, and said there was another woman, who was her friend, and whose name she would not give.

Davis' son Philip, 10, gave testimony corroborative of her statement regarding Davis' treatment. Dr. King of Allegheny, testified to Mrs. Davis' nervousness and its alleged causes. Surprising testimony was given by Mrs. McGee, a domestic who had been employed at the parsonage.

## STEEL WORKS

A Plea for Support of a Growing Industry in Newark--The Iron and Steel Works.

(Communicated)

It was impossible for me to attend Monday night's meeting at the City Hall as I should have liked and because of my absence your report of the proceedings in last night's Advocate was of special interest. In common with other citizens of Newark, I should like to see the proposed steel plant come to Newark, but before the citizens are asked to pay their money for the enterprise of which little is known, why not encourage that which we already possess?

The history of the Newark Weldless Tube Works is familiar to the business men of Newark and needs no repetition here, but from the ashes of that industry has arisen the Newark Iron and Steel Company which under the management of Mr. J. R. Goldsborough is growing and prospering, yet its growth and its prosperity are limited by lack of funds. Today the plant has 70 employees but with proper encouragement the industry could be made to employ several hundred. I regard the struggle of the man in charge of the Newark Steel company as nothing short of heroic. He believes he has a good thing and has given all his resources to develop it. If he gets men to buy sufficient stock to carry out his plans it will be the best plant in the city. He is not begging for money, but he is here at work, situated in the best location of our city with all the prospects of success that any sensible person can wish for and he only wants money in return for good stock to enrich all who are courageous enough to participate with him. Let us help what we have before sounding the praises of those we have not. I am opposed to giving one cent to outsiders while we have solid men at home of proven business capacity. Give \$50,000 to any of our successful manufacturers who are now here and whom we know and, depend upon it, we will not need outside aid to start any industry we may desire.

Yours sincerely,

B. M. O'B.

## AT JOHNSTOWN

THIS MT. VERNON MAN STEWART IS ARRESTED.  
He Used His Revolver Freely and Wound Up in Prison--May be Bound Over to Court.

Mt. Vernon, O., July 2--Solomon Stewart, residing south of Mt. Vernon, wandered to Johnstown last Saturday and while in a drunken condition he used his revolver in a regular cowboy style, shooting among horses, at windmills and made an attempt to run the town. The marshal arrested him and confined him in the lockup. When searched Solomon had on his person a key, which looked as if it might be a skeleton key, and a diagram of another on a paper with the words "west door," written on it which led the authorities to believe that he might be a dangerous character.

The marshal also found \$75 in money and it was reported that this was counterfeit. This report is denied by his wife, who is employed at the county infirmary and she states that it was used for advertising purposes. In a conversation with Superintendent McKinley at the infirmary the marshal of Johnstown stated that unless some of his relatives came to his aid he would be bound over to the grand jury.

Mr. David Bowman has improved the appearance of his house by a new coat of paint.

Tom Chick who stole a valuable bay horse from Johnson Sims on the night of June 17, has not been located. Sheriff Lynde has been trying to locate the thief but his efforts as yet have been unsuccessful.

Mr. John Wilson met with quite an accident last Tuesday while loading wood at the Forbing factory. While standing on the load the team moved, throwing Mr. Wilson to the ground, nearly dislocating his neck.

I. O. O. F. installation of officers takes place next Tuesday night.

Mr. James Hancock drove away from town on Wednesday morning towards Gambier, making his friends believe he was going to Old Kenyon's commencement. But he stopped by the way side at the home of Mrs. McMann, where the beautiful and accomplished daughter, Miss Helen, awaited his coming. Our friend tarried until the afternoon and accompanied by Miss Helen the happy couple drove to Mt. Vernon and were quietly married. They will go to housekeeping soon in the groom's beautiful residence on Main street.

## BOAT CAPSIZED

And the Ladies Were Thrown Into Buckeye Lake--Mr. Rosebrough Succeeded in Rescuing the Party--Thrilling Rescue Tuesday Afternoon.

An accident which nearly resulted in the loss of four lives occurred about 3:30 o'clock Tuesday afternoon at Buckeye Lake, about a mile from W. C. Wells', near "Cranberry Marsh."

The victims of the accident were Fred Baker, a young railroad man, Mrs. Friend Jones of 219 West Locust street, and her two nieces, Katherine Booher, of Granville, and Miss Vio Booher, who has been the efficient assistant nurse at the City Hospital, who lives with her aunt.

Mr. Baker had taken the ladies in a row boat to gather water lilies and after getting a number of flowers, started back to Wells'. Miss Vio Booher who was in the stern of the boat wanted to row, and got up to exchange seats with Mr. Baker. She stepped too much on one side and the boat capsized, throwing the occupants into the water. Call for help attracted Will Rosebrough, a young son of Mr. "Hod" Rosebrough, who was near by in a boat, and he immediately went to the assistance of the imper-

illed party. Miss Catherine Booher and Mrs. Jones were first rescued with less difficulty than Miss Vio, who went under the water and did not come up to the surface. She was gotten into the boat finally with much difficulty, Mr. Baker being able to swim, assisting himself. They were taken to Wells' and made as comfortable as possible, later coming to Newark, where the ladies are today suffering considerably from nervous shock, but are otherwise uninjured.

Mr. Baker and the three women were attending the picnic given by the residents of Locust street between Seventh and Ninth streets, and they are filled with gratitude to Mr. Rosebrough for his brave and timely action in rescuing them from an almost certain death by drowning.

Those who witnessed the thrilling rescue are unanimous in saying that it was as brave a piece of work, performed with consummate skill, as could have been done by any one under circumstances even less trying and dangerous.

## CAR EVERY HOUR

Between Newark and Columbus Between 6 a. m. and 11 p. m. on New Buckeye Lake Electric Line--Running Time Reduced to 1 1/2 Hours Beginning Thursday.

Mr. Foster, local agent for the Columbus, Buckeye Lake and Newark Electric railroad, tells the Advocate that beginning Thursday, July 3, a new schedule goes into effect on the Buckeye Lake road which not only gives many more daily trains to Columbus but also greatly reduces the time of the run between this city and the Capital.

Beginning at 6 o'clock in the morning a car will run from Newark to Columbus every hour and each car will be met at Hebron to convey passengers to the lake. The last car from Newark to Columbus will leave the Newark depot at 11 p. m. and the last car will leave Columbus for Newark at the same hour.

Mr. Foster says that the new power plant at Hebron is now ready for business and the increased facilities of the company will permit the company to reduce the time of running between Columbus and Newark from 2 1/2 hours to 1 1/2 hours. This time will be still

further reduced when the road is better ballasted.

Columbus, O., July 2--The Columbus, Buckeye Lake and Newark Traction company will commence running cars over its line on a regular schedule between Columbus and Newark Thursday morning. The road has been in operation for some time, but the service has not been regular owing to the fact that the company had no power plant of its own and has been dependent upon the Columbus, London & Springfield company for current. A. C. Ralph, superintendent of the new power plant at Hebron, was in Columbus Tuesday and announced that by Thursday he would be able to furnish all the power that could be used on the road, and the new schedule which the company has been busy for some time in preparing will go into effect at 6 o'clock a. m. The schedule provides an hourly service and the time for making the trip is 1 1/2 to 2 hours. This time however, will be considerably reduced after the roadbed has had time to settle and the rails have been smoothed by use.

Fifteen teams were put to work on Tuesday morning with plows and scrapers grading Summit street for the extension of the Columbus, Delaware and Marion road.

## CARRIE NATION NOT WANTED

But the Kansas Smasher Pays No Attention to Polite Hints to That Effect and Insists Upon Going to Peoria, Ill., to Attend Prohibition State Convention.

Peoria, Ill., July 2--Carrie Nation is headed this way from Austin, Minn., and all this morning the officers of the state prohibition convention have tried to intercept her, but in vain. They have caught her by wire at several points along the line of the Iowa Central railroad, telling her that she is not wanted; that she will not be admitted to the convention; that she will be arrested as she alights at the depot; that they will turn the hose on

her; but still she is coming. She is due here at noon, but the train is more than an hour late. At the request of the officers of the convention policemen have been detailed to meet her at the depot and keep her away from the convention hall until the prohibitionists have rushed their official affairs through and nominated their ticket. Carrie wires here that the Lord is with her and that she will speak if only from the street corners.

The new fence is up at the ball ground and the bleachers are ready for the crowd. These games Friday will be worth seeing.

## KIDNEY TROUBLE CURED.

General Health Greatly Improved by Pe-ru-na.

MRS. FRANCES MATOON.

Mrs. Frances Matoon, Treasurer of the Minneapolis Independent Order of Good Templars writes from 12 Sixth Street, Minneapolis, Minn., as follows:

"Last winter I had considerable trouble with my kidneys brought on after a hard cold which I had neglected. One of my lodge friends who called when I was ill told me of a wonderful medicine called Peruna. I had no faith in it, but my husband purchased me a bottle, and asked me to try it. It brought me most satisfactory results. I used three bottles before I was completely cured, but I have had good cause to be grateful, for not only did my kidney trouble disappear, but my general health improved and I have been in good health ever since. I would not be without it for ten times its cost."--FRANCES MATOON.

This experience has been repeated many times. We hear of such cases nearly every day. Mrs. Matoon had catarrh of the kidneys. As soon as she took the right remedy she made a quick recovery. Peruna cures catarrh wherever located. Peruna is a specific for the catarrhal derangements of women. Address The Peruna Medicine Co., Columbus, Ohio, for free book on catarrh written by Dr. S. B. Hartman.

over the Senate in the item in the naval appropriation bill for the building of a battleship in a Government yard.

Acting Secretary of War Sanger sent a communication to the House in answer to the resolution directing the secretary of war to furnish information as to what amounts have been paid out of the Cuban treasury or funds of the Cuban people to F. J. Schurber, or any other person, corporation, or association for advocating reciprocity with the United States.

The answer of the war department consists of certified copies of vouchers covering the payments referred to in the resolution amounting to \$415,625. These vouchers are accompanied by a letter from General Wood to the secretary of war.

"The disbursements made," says General Wood, "were made by me as military governor of the island of Cuba; and were made for the purpose of presenting to the people of the United States without reference to any party or section the desires of the people of Cuba as to the trade relations which should exist between that country and our own."

"The action taken was approved by the industrial and commercial classes of Cuba. It received the unqualified approval of the secretary of the insular government, and was expenditure of Cuban funds for the purpose of promoting Cuban interests."

A bill to make confederate soldiers who enlisted in the Union army previous to January 1, 1865, pensionable, aroused considerable debate, but was finally passed 97 to 19.

Mr. Dalzell, chairman of the special committee to investigate the facts in connection with the purchase of the Danish West Indies, then presented its report, which was ordered printed and referred to the House calendar.

After detailing the charges of bribery and showing that Captain Christ mas had repudiated the alleged report on which the charges were based, the committee sums up the results of their investigation as follows:

"That there is not the slightest semblance of evidence that any member of Congress, either directly or indirectly, was offered or received any bribe, or was paid any valuable consideration of any kind or character to vote for or assist in procuring the proposal, adoption or ratification of treaty of sale of the Danish West India islands to the United States. There is not the remotest ground from which to draw any inference, or on which to base a conclusion that there was any corruption or wrongdoing on the part of the public officials of the United States in connection with the negotiations for the purchase and sale of the Danish West India islands."

After citing the allegation that Christmas had enlisted the services of Abner McKinley, brother of the late President; of W. C. Brown and of Seligman & Co. in New York, the report gives the testimony of each of these parties denying the allegation.

Mr. Richardson, the Democratic leader, asserted that the proof was conclusive that Christmas was the agent of Denmark and indeed of the American state department.

"There is not one iota of proof in support of the latter statement," interposed Mr. Dalzell (Pa.).

"I have the proof here," replied Mr. Richardson, who read the testimony concerning the letter of introduction to Secretary White at London, given Christmas by Secretary Hay. Mr. Richardson denied that any member of Congress had been bribed. He had simply believed that the charges were worthy of investigation, and to that belief he still adhered. The testimony, however, had disposed of the charges, he said.

Sixth. Will be a sack race, 30 yards; winner will be given a prize of \$1.

Seventh. Will be a wheelbarrow race, 75 yards; winner will be given a prize of \$1.

In addition to the above, two games of ball will also be played at the East Newark ball park, in the afternoon between the Southerners of Columbus, and the Newark. First game to be called at 1:30 o'clock. Second game 15 minutes after first is finished. One admission fee only will be charged for both games. The Southerners is one of the strongest amateur clubs in the state.

Promptly at 7 o'clock we will assemble on the lawn near the corner of Cedar and Main streets, where addresses will be made by Rev. W. M. Acton, Captain W. A. Irwin and Chas. Montgomery, after which we will show the most beautiful display of fireworks ever seen by the people of Newark, something entirely new.

Come one, come all, come everybody and we will show you that the Brooklyn of Newark has not forgotten the day we celebrate. 6-28-31

**REPEAL WENT INTO EFFECT ON  
TUESDAY**

List of the Annulments and Reduc-  
tions That Became Effective on  
Tuesday, July 1.

The act repealing the war revenue  
taxes went into practical operation  
Tuesday morning.

The taxes repealed are: Special taxes  
on bankers, brokers, dealers in  
grain, securities, etc., pawnbrokers,  
custom house brokers, proprietors or  
shows for money; proprietors of  
bowling alleys or billiard rooms, deal-  
ers in leaf tobacco, dealers in tobacco,  
manufacturers of tobacco, manufac-  
turers of cigars.

Stamp taxes on instruments, papers  
or documents, deliveries or transfers  
of stock and sales and agreements of  
sale, or agreements to sell stocks,  
products or merchandise, wines, seats  
in palace or parlor cars and berths in  
sleeping cars, taxes on legacies and  
distributive shares of personal prop-  
erty, excise taxes on persons, firms,  
companies and corporations engaged  
in refining petroleum and sugar.

Taxes are reduced as follows: On  
fermented liquors, \$1 per barrel; on  
snuff and tobacco, 6 cents per pound;  
on cigarettes weighing more than  
three pounds per thousand, \$3 per  
1000.

A rebate is allowed on all original  
and unbroken packages of smoking  
and manufactured tobacco and snuff  
sent out from the factory. This appli-  
es only to goods held by manufacturers  
on July 1.

No discount is allowed on the sale  
of stamps for fermented liquors or  
for tobacco or snuff.

The provisions relative to mixed  
flour remain unchanged, except a  
slight variation is made in the defini-  
tion of mixed flour.

The estates of persons dying prior  
to July 1 will be subject to the legacy  
tax, even if the distribution is not  
made until after that date.

There's no soaking required if you  
use Mrs. Austin's Quick Lunch Tan-  
o-ca. Ready in a minute. Your drug-  
ger can supply you.

**THE METEOR NEEDS WIND.**

When the Emperor's new Ameri-  
can-built yacht Meteor was defeated  
by the Empress yacht Iduna by two  
hours, Monday morning, her captain,  
Ben Parker said: "They ought to put  
the masts out of the Meteor and put  
in a motor."

Wallace Downey of the Towns-  
Downey company, who built the  
Meteor said when shown Captain Par-  
ker's remarks:

"I do not care to get into a dis-  
cussion as to the remarks of Captain  
Parker. I do not know how the boat  
is being handled, but I do know that  
I have every confidence in the Me-  
teor, and likewise know her to be  
very fast. Give that boat wind and  
let her go."

"The Meteor is a great boat and  
will show it before this season ends.  
I admire the Emperor's judgment in  
being pleased with her. The Kaiser  
will not be disappointed."

A flag officer of the New York Yach-  
Club was asked what he thought of

Captain Parker's remarks about the  
Meteor, and he replied:

"What the Emperor wants to har-  
dle that boat is a schooner man. Ben  
Parker is not that. They need Char-  
lie Barr over there, and if they can-  
not get the old Columbia skipper Cap-  
tain Dennison, of the Elmina, will  
answer just as well.

"Every boat needs a good hand to  
wake her up, and with such a hand  
the Meteor will go."

Cary Smith, the designer of the Me-  
teor, is out of town, and his partner,  
Mr. Barbey, is in Europe.

**AMERICAN STUDENTS LOST.**

London, July 2.—A large company  
assembled at the National Sporting  
Club Monday night to witness the  
boxing contests held in connection  
with the coronation sporting tourna-  
ment between Harvard and Yale stu-  
dents and English amateurs. All the  
professional fighters who took part in  
the contests held last week were present,  
and in some cases they acted as  
attendants for the American students.  
All the amateur bouts resulted in vic-  
tories for the Englishmen, but the  
Americans gave remarkable display  
of gameness.

The first contest was between  
heavy-weights. Dodge, of Harvard,  
was considerably smaller than his op-  
ponent, F. Parkes of the Polytechnic  
Boxing Club, who is the amateur  
heavy-weight champion. In the  
course of the second round of the  
heavy-weight contest both men landed  
a number of heavy blows. Dodge was  
the first to weaken, but he fought a  
resolute third round and at times  
looked decidedly dangerous.

Parkes got the verdict on points,  
and Dodge was vociferously applaud-  
ed for his gallant stand.

In the middle-weight contest Wen-  
g, of Yale, met R. C. Warnes, of the  
Lynn Boxing club, who is the am-  
ateur middle-weight champion. The  
American had all the advantage of  
the rapid exchanges at the opening,  
but eventually Warnes acted on the  
defensive and by the aid of a number  
of facial hits, he got a lead which en-  
abled him to win comfortably. The  
contest was remarkable for the good  
feeling shown by both boxers.

In the light-weight bout Cates  
of Columbia, was fully 20 pounds lighter  
than his opponent, A. Warner of the  
Highgate Harriers, who is the am-  
ateur light-weight champion, and much  
regret was expressed at this difference  
in weights. In spite of the dispro-  
portion, however, Cates put up a  
plucky fight. Just before the end of  
the opening round the American went  
grogy from a succession of heavy  
blows on the head, and Tommy Wes-  
ley, his second, wanted to give in for him.  
Cates, however, insisted upon another  
attempt, but with no better results,  
and the referee stopped the fight be-  
fore the second round was concluded.  
The courage of the American stu-  
dents was greatly admired. All the  
amateur contests were limited to three  
rounds each.

PION.**  
By the victory over Yale last Satur-  
day, 6 to 5, made possible by the tim-

**REMARKABLE CURES**

Are Being Made Daily Free of Charge  
by the British Physicians Who Are  
Located at 100 W. Main Street—Ser-  
vices for Three Months are Given  
Free to All Invalids Who Call Upon  
Them Before July 14th.

A staff of eminent physicians and  
surgeons from the British Medical In-  
stitute have, at the urgent solici-  
tation of a large number of patients  
under their care in this country, es-  
tablished a permanent branch of the  
Institute in this city, Flat 2 Avalon  
Flats, first floor, (west end entrance)  
100 West Main street.

These eminent gentlemen have de-  
cided to give their services entirely  
free for three months (medicines ex-  
cepted) to all invalids who call on  
them for treatment between now and  
July 14th. These services consist not  
only of consultation, examination and  
operations, but also of all minor surgical  
operations.

The object in pursuing this course  
is to become rapidly and personally  
acquainted with the sick and afflicted,  
and under no conditions will any  
charge whatever be made for any ser-  
vices rendered for three months to all  
who call before July 14th.

The doctors treat all forms of dis-  
ease and deformities, and guarantee  
a cure in every case they undertake.  
At the first interview a thorough ex-  
amination is made, and, if incurable,  
you are frankly and kindly told so;  
also advised against spending your  
money for useless treatment.

Male and female weakness, catarrh  
and catarrhal deafness, also varicose  
rupture, goitre, cancer, and all dis-  
eases of the rectum, are positively  
cured by their new treatment.

The chief associate surgeon of the  
Institute is in general charge.  
Hours 9 to 5. Sundays, 10 to 1.

**RESOLUTION**

To Improve Elm street from Locust  
street to Log Pond Run.

Be it resolved by the City Council  
of the City of Newark, Ohio, two-  
thirds of the whole number of the  
members elected thereto concurring  
therein

That it is deemed necessary by said  
city and this Council hereby declares  
that it is necessary to improve Elm  
street in said City from Locust street  
to Log Pond Run, by excavating,  
grading, preparing foundation, con-  
structing and setting a curb on each  
side of Elm street, between said  
points, and laying paving brick thereon  
in accordance with the plans, profiles,  
estimates and specifications relating  
to said improvement now on file at  
the office of the City Clerk.

That the cost and expense of said  
improvement, less the cost and ex-  
pense of improving street, alley or  
highway intersections, and less one-  
fifth of the entire cost and expense  
thereof, shall be assessed per front  
foot upon the lots and lands abutting  
thereon; said assessments shall be  
payable in twenty semi-annual install-  
ments and bonds shall be issued in  
anticipation of the collection thereof.

That the City Clerk is hereby di-  
rected to cause this resolution to be  
published for two consecutive weeks  
in a newspaper published and of gen-  
eral circulation in the corporation,  
and F. H. Vogelmeier, Marshal, is  
hereby appointed to serve written  
notice of the passage of this resolu-  
tion upon the owners of the lots  
and lands abutting upon said improve-  
ment, or to the persons in whose  
name the same may be assessed upon  
the tax duplicate for taxation, who  
are residents of Licking county, Ohio,  
as required by law for which service  
he shall be paid the usual fee for  
serving notices.

Passed June 16, 1902.

The cantiniers form a rank which  
is peculiar to the French army. Each  
regiment has a woman attendant, who  
is a sort of nurse and consoler, to the  
young soldiers especially. She is  
often married to a soldier of the regi-  
ment.

Information respecting the new an-  
tiseptic called Dr. Frey's peroxigen,  
discovered by Dr. Frey of Mchigan,  
has been asked for by the British  
Government. It is said to be an ab-  
solute specific for cholera and all in-  
testinal diseases.

Great festivities are being arranged  
at Antwerp in preparation for the  
Shah's visit in July.

## Antiweed War.

Lafayette, Ind., July 2--A weed war has been instituted here. Nearly 500 notices were served by the police on property holders to immediately clear their lots or face prosecution. Much bad feeling is in evidence, and the order may be resisted in some quarters.

## STREET CAR PROPOSAL.

Ironton, O., July 2--On April 26, Charles Eades, 61, twice widower and once divorced, secured a license to wed Mrs. Mary Holliday of Ohio. On April 17 the license was returned to the Probate court unused, the coy widow having declined to be led to the altar at the last moment. Saturday Eades again secured a license after seeing his aged fiancée on a street car en route for Hanging Rock, and they were united in marriage by Squire Frazier, of that village.

## JOHN TYHURST

### THE VETERAN SHOE MAN DIED TUESDAY NIGHT.

Neuralgia of the Heart Caused Death of this Old and Well Known Newark Man.

Mr. John Tyhurst one of the oldest, best known and most highly esteemed citizens of Newark, died at his home 112 Eleventh street at 11 o'clock Tuesday night of angina pectoris, or neuralgia of the heart, at the age of 75 years, 7 months.

Mr. Tyhurst, about five months ago while at work in his shoe shop, was taken suddenly and violently ill, being removed to his home, where he somewhat recovered. Not since that time, however, had he been able to come down town, and only on two occasions was he able to walk around the square near his home.

On the day of his death he did not appear to be any worse than usual, and about 7:30 o'clock in the evening went to bed. At 8:30 he was taken with paroxysms of pain and he gradually weakened until his magnificent vitality gave way and death relieved his suffering.

John Tyhurst was the son of Wm. and Mary Tyhurst and was born on a farm southwest of Newark near the Perry farm. He early learned the trade of shoe maker, and up to within five months ago, had always followed his trade in Newark where he was known as a skillful mechanic and a thoroughly honorable and upright man.

For many years no more familiar figure was seen on West Church street

that that of John Tyhurst, as with sturdy stride, and a kind and cheerful greeting for all who passed him, he went to and from his shop on East Church street.

Those who knew him but casually, realized his high character, but those with whom he was intimate, were the ones who appreciated his noble qualities at their true worth.

In the death of John Tyhurst Newark lost a man who in the highest sense fulfilled all the obligations of good citizenship.

The deceased leaves four children, Mrs. May Coulter, stamp clerk at the Newark postoffice, Miss Frances Tyhurst, teacher in the primary department in the Central school house, William Tyhurst, telegraph operator at Pataskala, and Clara Tyhurst at home. One brother, Rufus of Union Station, and three sisters, Mrs. William Henry of West Newark, Mrs. Mary Powell and Mrs. Ann Smith of Wheeling, also survive.

The funeral of John Tyhurst will be held at 1 o'clock Thursday afternoon.

### Postoffice Fourth.

Postmaster Ickes announces that the Rural delivery carriers will be given a holiday July 4, and in consequence there will be no delivery over the rural routes Friday. The carriers' windows at the postoffice will be open till 10 a. m. however, and any person may call for his mail before that hour. The city carriers will make one delivery of mail Friday morning but the office will close for the day at 10 a. m. Evening mails going out will close on Friday at 6 o'clock. There will be an evening collection at that hour from boxes around the public square.

Italy expects to have a surplus of over \$2,600,000 at the end of the present financial year.

## ETNA LODGE

VISITED BY THE DAUGHTERS OF REBEKAH.

Degree Work in Lodge Room Followed by Banquet--Newark Visitors Had a Good Time.

Some time ago the members of Cedar Lodge, No. 201, of Etina came down to Newark to pay a fraternal visit to Licking Lodge, 143, Daughters of Rebekah and to witness the degree work of the excellent team. At that time Etina lodge extended a cordial invitation to the members of Licking Lodge to come to Etina and be their guests for one evening.

Tuesday evening July 1 was the date set for the return visit. On that evening about sixty members of Licking Lodge of Rebekah met at their hall and proceeded to the station of the Columbus, Buckeye Lake and Newark Traction Company, where they boarded one of the handsome cars that was in waiting, and after a quick run arrived at Etina, where a committee from the lodge at that place was in waiting to receive them. They were escorted to the Odd Fellows Hall, where the members of the Rebekah Lodge were in waiting and where the Newark Rebekahs were given a hearty greeting. Shortly after their arrival the lodge was called to order and after the transaction of some preliminary business the installation of the officers of Cedar Lodge took place. This work was done by Mrs. Dr. Walker, district deputy, and her excellent staff and was a surprise to the visitors. The work was simply perfect and is pronounced by all who witnessed it to be the finest they ever saw. At the conclusion of the installation work, all adjourned to the dining room, where they were royally banquetted and where justice was done to the finely prepared repast.

At 12 o'clock all boarded the electric car that was in waiting and started for home, one and all declaring that they had enjoyed the visit very much and that the members of Cedar of Cedar Lodge are wide awake and energetic and are worthy of all that can be said of them in the way of lodge workers as well as entertainers.

## MAYOR HOLDEN

AND CHIEF TRACY OF ZANESVILLE POLICE FORCE.

Are Having More Trouble in Clay City--The Former Wants to Name Tracy's Successor.

Zanesville, O., July 2--Mayor Holden and Chief of Police Tracy were prevented by several policemen from coming to blows again Tuesday. Chief Tracy ordered Officer Leasure, who has been acting in the capacity of the Mayor's confidential man on the force, from the Central Station to an outlying ward. Leasure appealed to Mayor Holden, who told him to remain where he was. Tracy thereupon suspended Leasure for ten days, and Holden retaliated by suspending Tracy for thirty days. A fight was imminent, but several patrolmen kept between the belligerents. Neither suspension order has been put in force, but Leasure has gone on duty as a patrolman in the suburbs and Mayor Holden says he will send the name of Officer Frank Brown, admitted to be the most efficient man on the force, to council for confirmation as chief at the next meeting, hoping in this manner to get rid of Tracy.

## Patient Sheriff.

Ironton, O., July 2--Martha H. Ward has filed suit against the Camden Interstate Railway for \$25,000 for injuries sustained by the premature starting of a car on last December 11. Local Superintendent Thuman had wind of the suit and laid low, it is said, to escape service until after midnight, when the Camden interests passed into the hands of a Pennsylvania syndicate. Sheriff Taylor camped out in the Superintendent's house and said he would just wait until Thuman came in. The latter was in an adjoining room, and, anticipating a search, appeared and was properly served, it is claimed, a few minutes before midnight.
